The MyUCF

What is it?

- An online student resource for all personal records, academic history and financial aid information.
- Accessible from anywhere

Services it Provides

- Search for and enroll in courses
- Update contact information
- Review your financial aid
- Pay your tuition
- Track your progress toward graduation with myKnightAudit
- Check your final grades at the end of each semester
- Manage your account Holds and To-Dos
- Request official transcripts

The MyUCF

UCF stats

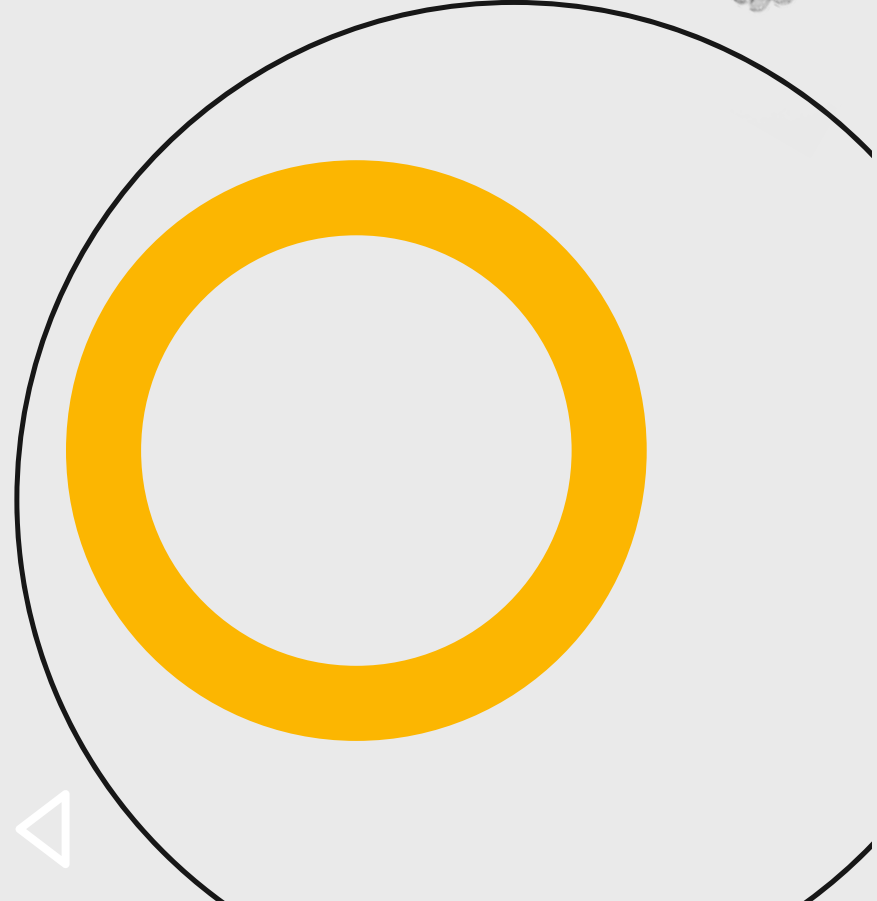

- 72,000 students
- Over 12,000 employees
- Operating budget of \$1.9 billion

ONE MyUCF

▶▶▶ Current MyUCF Issues

- Disorganized and hard to navigate
- Not user friendly
- Lacks accessibility features
- Not aesthetically pleasing
- Saturated with information
- Extremely inefficient

Their MyUCF

Pros

- Sticks with the UCF style guide
- Greatly improved the layout of the original myUCF
- Much easier to navigate
- Not saturated with information

Features it Includes

- Includes a database
- Responsive Design
- Dark Mode
- Accessibility Features

Quick Links

Issues With Their MyUCF

- Performance is weak on different browsers and devices (specifically on mobile)
- Aesthetics need improvement
- Dead links and buttons
- Users are unable to sign in
- Inefficient Navigation Bar
- Inefficient layout
- Padding issues causing items to overlap

Our MyUCF

Our Main Focus:

Aesthetics - We wanted to make MyUCF visually appealing

Functionality - Make sure everything works

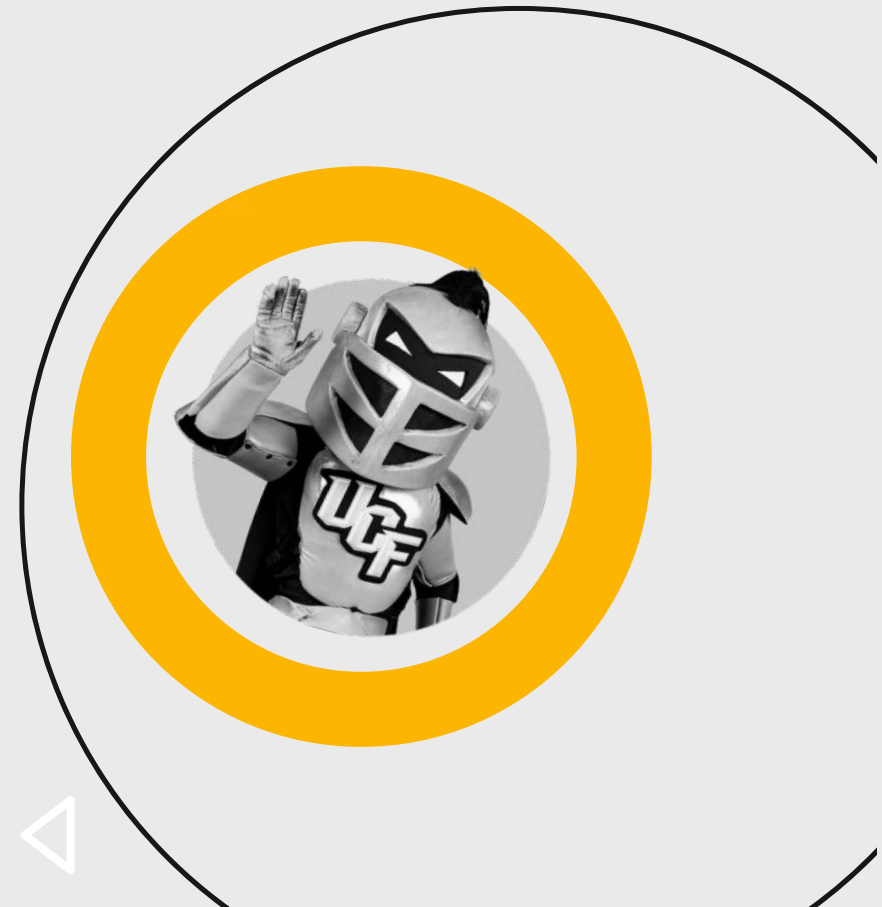

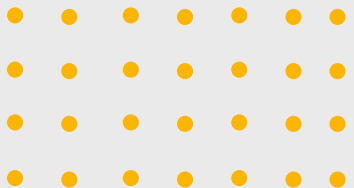

Productivity - The layout and features allow students to access information the quickest way possible

Main Features

- Dyslexia-Friendly typeface
- Dark mode
- Working mock database
- Allows mock users to login
- Responsive
- Keyboard Accesible

Style Guide

- We were able to follow the official UCF style guide

- Colors
- Fonts
- Icons

- We did add colors to the color palette

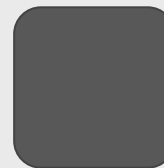

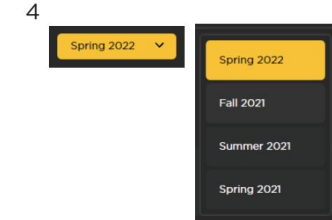

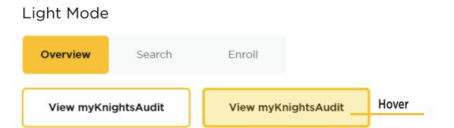

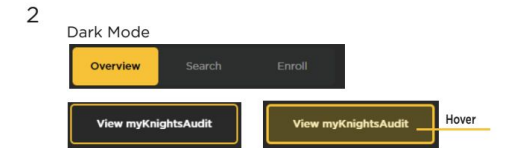

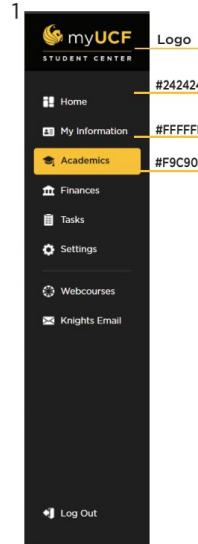

UI Elements

1. Navigation Bar- Shows the main sections myUCF services offer such as, "Home", "Tasks", "My information", "Finances", "Settings", and links to Webcourses and Knights email. It also allows the user to log out. Selected tab will be highlighted in yellow and information inside will be switched from white to a dark gray.

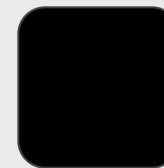

2. Buttons - Buttons will vary depending on location and selected theme. The yellow will show selected item and a transparent yellow will overlay buttons that are currently being hovered.

3. Toggle Switch Button - Switches between one setting from another.

4. Drop down Menu - Allow user to switch from list available. Current item will be highlighted in yellow.

To-Do's

Tablet

Phone

Mobile

A mobile login screen mockup with a dark gray background. At the top is the myUCF logo. Below it is a text input field containing 'jo375497'. Underneath is a password input field with three dots. A large yellow 'Log In' button is centered below the fields. At the bottom, there are two links: 'Reset your password >' and 'Having trouble logging in? >'. A small mouse cursor is visible near the bottom right link.

▶▶▶ Suggested maintenance and unimplemented updates

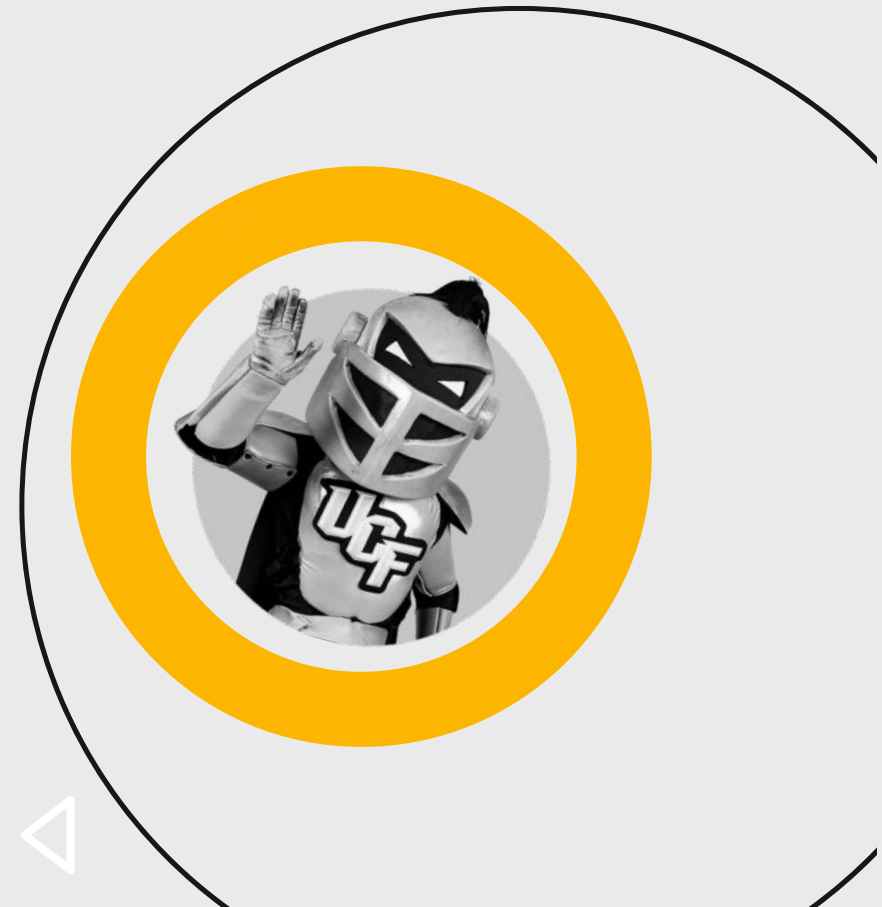

- Use data from student surveys to contribute to the information needed to improve the site
- Update core software and plugins weekly
- Attach site to the UCF database allowing students to access their information

Promotion Plan

- MyUCF is already promoted very well by UCF due to the fact that it is necessary for all UCF students and faculty

Our MyUCF

Successes

- Able to make it user friendly
- Responsive
- Group collaborated
- Mock database
- Improved Accessibility

Challenges

- Deciding what content deserved priority
- Reducing chunky categories to core necessities
